# REMAX (INDIA)

## OUR INCEPTION

REMAX is renowned name in manufacturer & exporters of Cold Forged Bolts & Nuts for Heavy Engineering Industries in Ludhiana, The Industrial Hub of Punjab.

The inception of the company dates back to 1964 when LATE RESHAM SINGH laid the foundation of company. Presently the company is situated at 62-D Focal Point Ludhiana.

## OUR PROFILE

It gives me immense pleasure to introduce "Remax" as pioneer in Fastener Industry, manufacturing Industrial Fasteners for Power Transmission, Railway Electric-Transmission, Telecom, Bridges etc. the company is well equipped with all in house facilities for manufacturing of Nuts, Bolts as per any specification viz. IS/DIN/ASTM/BS or as per customer specification. We are all set for any type of finishing viz., Zinc Plating, Hot-Dip Galvanized Bolts, Nuts, Plain Washers and Spring Washers for Transmission Line Towers and Sub-Station Structure, including Anchor and Foundation Bolts .

Our spacious warehouse, modern packaging facilities and a wide distribution network help us ensure that the consignments of our clients reach them safely and within the promised time frame. Besides, practicing ethical and fair business policies, we have gained the trust and confidence of our clients based nationwide & worldwide. Our company is supported by diligent team whose constant hard work and effort help us in achieving our goal of total customer satisfaction. Their expertise and efficiency in their respective field enable us to procure and offer premium quality fasteners.

# REMAX (INDIA)

## OUR OBJECTIVE

- » Integrity
- » Quality
- » Transparency in all sphere of our business.

## QUALITY ASSURANCE

"Remax" has a well-devised quality control department, which includes latest techniques and machines for quality and state of art. We are having In-door physical testing facility and surface treatment plants for all sorts of plating including Hot Dip Galvanizing. we ensure that our products would be manufactured in accordance with the specified quality parameters and do not carry any flaw. Material of premium quality is used in manufacturing, which are purchased from the reliable and authentic market vendors.

We test the products on below mentioned parameters:

Performance  
Design  
Durability  
Functionality

Every consignment is thoroughly checked and tested before dispatch.

"Quality does not only begin with a letter Q, It must be followed by U."

## LAB FACILITIES (RESEARCH & DEVELOPMENT)

# REMAX (INDIA)

## OUR INFRASTRUCTURE

We give quality products with  
Our Infrastructural Facilities...

Besides Draw Bench Machine & Wire Drawing Machine We have imported Bolt-Master machines of National U.S.A. due to which not only we are getting the best quality and better finish but also getting excellent production rate as well. We have latest Hot Dip Galvanize plant for uniform coating of zinc . We are fully capable to develop the hardware as per the special specifications and drawings of our customers within a short duration .

Remax (INDIA) has been achieving new heights every year. Our products has won the trust of OEM Customers in highly competitive and Quality-Conscious markets. This is because of our quality and competitive prices that we are exporting our products to all developed countries.

We have skilled employees and professionals to develop more efficient methods of manufacturing. We have coordination in every department so as to operate in a systematic manner. We have latest and imported machinery such as Bolt Making Plant (National Bolt Maker) Made in USA. to facilitate our manufacturing so as to manufacture products as per international standards.

We get high production at close tolerance by Cold forming process with Carbide Tools. Better fatigue resistance is achieved by Cold Forged Head with fillet radius and Roll-formed (Cold process) threads with its smoothly blended radiused root thread run-out.
